### GUIDELINES FOR PRIVATE TRANSPORT USERS

Preschool to XII

Circular no. PCS/2019-20/185

Dated: 07-11-2019

Dear Parent

At Prestige Convent School, our prime concern is to provide safe and secure environment to our children. To further strengthen our initiative in this regard, we solicit your cooperation. I appeal to all of you that kindly make safe arrangements for commuting of your children. Please make sure that the vehicle in which your ward is travelling is safe and well-maintained.

Your ward uses **Private Transport** which is arranged by you. It has been observed that necessary norms of safety and security are often violated by these **Private Cab Drivers** which is a threat to children's well-being. The private vans are over-loaded with students and often the van drivers are found misbehaving with/harassing the children. Some of the van drivers take two to three rounds to transport the children resulting they drop children much earlier than the prescribed entry time. This can lead to compromising security net of the school. The last round being at odd hours may give them the liberty to abuse young children. Also these waiting children waste their precious time and energy. In some cases, the van owner has further sublet the contract to an unknown person, thus, exposing the children to greater threat. Keeping all these points in view, **this is to inform you that students will not be permitted to use illegal Vans/Buses/Cabs which can prove dangerous or fatal owing to non-adherence of Motor Vehicle Laws.** You are advised to use safe transport provided by school and abstain from sending your children in unsafe and illegal transporting means.

With Warm Regards

Inderjit Kaur Batra  
(Principal)
